

SIERRA MADRE NEWS

THURSDAY, JANUARY 14, 1943

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

VOLUME 37, NUMBER 17

WITH SIERRA MADRE BOYS IN SERVICE

Word comes from the U. S. Army Air Forces at Chico Army Flying School that Joseph A. Burns, 22, of 151 E. Laurel ave., has completed his basic pilot training and is now ready for the final stage of training.

He is a graduate of Cathedral High in Los Angeles, and was graduated from Pasadena Junior College, where he took a forestry course. His civilian occupation was forestry and surveying. He was accepted as a cadet last June 24, and received primary training at King City. His parents are Mr. and Mrs. J. O. Burns.

A letter written by Everett H. Gerty from Camp Robinson, Ark., to his parents, Mr. and Mrs. E. H. Gerty of 20 W. Grand View ave., mentioned that among the 80,000 soldiers stationed there he had seen four other Sierra Madre boys also inducted into the Army last month. They are Edward Spoelstra, Joby Higgins, Edward Hartwell and John Kennedy, all of whom were in the December draft call.

Lieut. Ben Smith left Monday night for Ft. Chaffee, Ark., following a 10-day leave spent with his parents, Mr. and Mrs. J. O. Smith of 609 W. Sierra Madre Blvd.

A promotion to Corporal has been given Robert Coit who is stationed with the Army at Luke Field, Phoenix, Ariz. Coit is the son of Mr. and Mrs. Henry Coit, Jr., of 270 Grove st.

Recently transferred from the Army Recruiting Station in Los Angeles, John Senour, son of Mr. and Mrs. Philip Senour of 81 E. Grand View ave., is now stationed at Camp Adair in Oregon.

William T. Kiggins, a recent enlistee in the Coast Guard, is now stationed at San Clemente. Kiggins is the son of Mrs. Mary Kiggins of 51 Esperanza.

Robert Gross and his cousin, Ben Peacock, both of the Naval Training Station in San Diego, spent the weekend with the former's parents, Mr. and Mrs. Carl P. Gross of 57 W. Grand View ave.

Brown as a berry and hard as nails physically since he went into training, Bernard Bodine made his first visit home since joining the Coast Guard over the weekend. Stationed at San Clemente, he has been assigned to a boat and is enthusiastic about his work. He came up to visit his mother, Mrs. Lydia Bodine, of 92 Suffolk ave.

Looking every inch a soldier and ready for anything, Johnnie Grippin is home on a 10-day furlough from the Army training camp at which he is stationed in Texas. He is spending his leave at the family home on Mt. Trail and reports the morals of the men in his camp as exceptionally high.

Bob Colbert, who was inducted into the Army on January 3, is now stationed in Alexander, La., according to word received by his mother, Mrs. Sylvia Colbert of 609 W. Alegria ave.

Jack Shearer, who has been stationed for a year at the U. S. Naval Training Station as a Carpenter's Mate, 2nd Class, has been transferred to a Commando school. He will remain in San Diego for training.

Mrs. George Geller of 438 E. Montecito ave. was notified by her husband this week that he is stationed in San Francisco with the U. S. Navy. Mr. Geller was recently retired from the New York City fire department. He sought retirement two years ago when Mrs. Geller and her children moved here but owing to the shortage of manpower was asked to remain on duty with the department.

AIMS OF BUNDLES FOR AMERICA WILL BE TOLD BY WIFE OF GEN. MAXWELL MURRAY

Hostesses at the Bundles for America tea, to be held this afternoon from 3 to 5 in the parish house of the Church of the Ascension, will include Mmes. Ernest Best, Edwin Ward, Merritt Williams, George McRoberts, John S. Neal, Mary Goodfellow, James H. Cable, George McRoberts, Jr., Frank Spencer and Miss Thomasella Graham.

In the receiving line will be sponsors of the organization, Mr. and Mrs. Newman Essick, Mr. and Mrs. Dan Reib, Gen. and

Jap Problem Pictured To Kiwanis

Authority Says F.B.I. Thinks Small Percentage Of Those Born Here Disloyal

Tracing the history of the Japanese in this country, Rev. Wesley G. Nicholson, a member of the National Committee for the Study of the Japanese Problem, spoke Tuesday at the luncheon meeting of the Kiwanis Club and explained the basis of the anti-Japanese feeling here.

"The main trouble here," said Mr. Nicholson, "lies in the fact that the Japanese, unlike the Chinese, live alone and organize for their mutual protection instead of scattering about through the country. Of the 128,000 Japanese in this country 90 percent were located in three West Coast states and 25 percent in Southern California." He also told of the work being done by the FBI and the government toward the relocation of these people.

Of the Nisei, or second generation Japanese, the FBI considers only from three to 10 percent disloyal to the United States, according to statistics given by the speaker. Of the group which was sent back to Japan for study, however, 100 percent are suspected of disloyalty and investigation shows that this group has been the disturbing factor in the various Assembly centers, creating riots and unrest. Intensive investigation by FBI agents has caused many removals from the centers to prison camps and will in the future result in apprehension of many more disloyal Japanese.

Already around 700 Nisei university students have been sent back to school and a plan is being formulated whereby 25,000 Japanese now in camps and centers may be scattered throughout the country and away from the Coastal area, the speaker said.

Convert Old Estate Here Into Hospital For Army Camp

To accommodate flu patients suffering from the epidemic reported at Camp Santa Anita in Arcadia, an emergency hospital has been set up at the former residence of the A. G. Eilers at 695 W. Sierra Madre Blvd. (former Topping Estate) and Army ambulances are busy transporting patients to and from the camp. A total of 1,000 cases of flu were reported at the camp last week. Several buildings in Arcadia and Monrovia have been converted into temporary hospitals and further accommodations may be requisitioned here.

Change Regulation Calling For Auto Tire Inspection

The local price and ration board has been advised by OPA that motorists will be given an extension of time beyond the present January 31 deadline for automobile tire inspections.

Holders of "A" books will have until March 31 for their initial tire examination with subsequent inspections once every six months instead of once every four months as previously announced.

"B" or "C" book holders must get their first tire inspection by February 28. After that inspections for "B" book holders will be once in four months, and for "C" book holders once in three months.

Deadline for truck tire inspections remains unchanged.

Official estimates by OPA statisticians now show that about 67 percent of passenger cars in this area are operating on "A" gas books, according to a statement made by State Rationer Paul Barksdale d'Orr. About 20 percent are operating on "B" and 13 percent on "C" books.

Mrs. E. C. Young, Col. and Mrs. David Reeves, Com. and Mrs. E. E. Rappolee, Capt. and Mrs. E. G. Everett, Mrs. Herman Hall, Mrs. Clinton Pierce, Miss Thomasella Graham, Com. J. W. Storm and Col. H. B. Hersey.

Mrs. Hall, Mrs. Essick, Mrs. Reeves and Mrs. Pierce will preside at the tea table.

An outline of the organization's work will be given by the wife of Gen. Maxwell Murray and Mrs. Marshall Neal of Pasadena, who will speak on the needs of the home front.

DON'T LOSE THAT CHECK!

Generous Blood Donations Bring City Army-Navy E Pennant And Praise

Quota For March Marked. Up To 175 With 17-Year Olds Included

Sierra Madre's four generous contributions to the Red Cross blood bank have brought it an Army-Navy E pennant and certificate and high praise from the National Red Cross. Notice of the award is given in a letter from Lee L. Schaefer, manager of the Pacific area of the Red Cross to Dr. John L. Woehler, chairman of the blood donor committee of the local Red Cross chapter. The letter says:

"An Army-Navy E certificate of appreciation is being presented to the Sierra Madre chapter of Red Cross for your towns splendid co-operation in the Blood Donors' Service program. This certificate is being mailed to you today. Will you kindly convey to your workers in the Service our sincere expression of appreciation for their outstanding contribution to the war effort. It is their co-operation that made possible the Army-Navy E award."

With the spirit already so apparent at past blood banks, the chairman feels that there should be no difficulty in obtaining enough donors to fill Sierra Madre's 50 percent quota increase during the next bank visit in March.

This quota increase, due to the expansion and increased efficiency of the mobile unit, means that 175 donors will be required for the next bank, and the call has gone out from National headquarters asking for a large number of new volunteers.

To facilitate the obtaining of new volunteers the weight limit for donors has been lowered from 120 pounds to 110 pounds, and the group will now include minors of 17 years or over who may donate blood if they obtain the written permission of their parents.

Dr. Woehler also stated that as a result of blood typing there is now prepared a list of over 100 persons who will be available for whole blood donations in case of a local emergency.

City Brings Joy To Army Camp Men

Three recreation rooms at Camp Santa Anita equipped and furnished by as many groups of Sierra Madreans are outstanding models of comfort, not to say luxury, according to the soldiers who are enjoying them and who are loud in their praise of the treatment they are receiving in southern California.

Last of the 20 by 60-foot rooms to be furnished by citizens here through the Camp and Hospital committee of the local Red Cross chapter, is a donation by members of the Bethany Church. In a remarkably short time they collected a piano, two radios, a victrola, reading lamps, tables and chairs. When they were all sent to the camp and arranged, women of the Bethany congregation made curtains for the 20 windows of the room. It was ready for use over the weekend.

Nearly all the boys now at Santa Anita came from the big ordnance training camp at Aberdeen, Md., and have seen the recreation rooms there and at other camps, but declare they were nothing like those equipped by Sierra Madreans. Here they enjoy overstuffed chairs and other homey luxuries instead of benches and wall lights. They are grateful on end, but wish there was a USO center or some form of entertainment in Sierra Madre that they could enjoy away from the camp itself.

Ben Lyon Jr. Safe In Jap Prison Camp

Reported by Navy Last May As Missing in Action When Manila Fell to Enemy

That even bad news can be good news will be testified to by Mr. and Mrs. Ben Lyon of 760 Canyon Crest dr. who received word from the Bureau of Navy Personnel Monday that their son, Ben, Jr., reported missing in action since the fall of Manila last May, is a Japanese prisoner of war.

It was the first word received of their son since official notification came that he was unaccounted for after the Japanese occupation of the Philippines. But through the long months of suspense they went bravely on and refused to give up hope.

The Navy Department's air mail letter said a cablegram had been received from the International Red Cross at Tokyo announcing that young Ben, a Navy Radioman, First Class, "is being held a prisoner of war in Tiawan camp," and that as yet no arrangements have been made for his repatriation.

This camp, the Lyons have been informed, is on a small island off Formosa, and is reported to be one of the best of the prisons maintained by the Japs. Cheered beyond words by the news he is alive the family is relieved by the report of a Red Cross official who caused an inspection to be made of prison camps in Japan and the Philippines. He assured Red Cross officials in this country that there had been a marked improvement in conditions and that American prisoners were receiving much better food and treatment than was accorded them in early days of the war.

Sierra Madrean Is Flight Engineer On Huge Army Flyer

Dick Stanton of 41 E. Grand View ave. was flight engineer on the maiden flight of Lockheed's giant Constellation transport, now the Army C-69, which took off Saturday from the Lockheed Air Terminal and flew to Muroc Air Field and return.

The huge plane, third largest in existence, is faster than the Jap Zero fighter or any transport now in production. It is expected in size only by the Douglas B-19 and the Glenn Martin Mars and capable of crossing the continent in nine hours.

Cities To Exchange Fire Equipment As Safety Measure

A measure submitted to all cities by the State Civilian Defense Council, providing for the interchange by municipalities of fire equipment in the event of an air raid or other emergencies, was approved by the city council at its meeting Tuesday evening.

The council is also considering a suggestion by the fire ration board for the elimination of all possible safety stops within the city as a rubber conservation measure.

The Forest Service having rescinded its action closing all playgrounds and trails in the Angeles forest, the council voted to again permit public use of Bailey canyon.

Since mischievous boys will not permit light bulbs to function on two light standards at the west end of Sierra Madre Blvd., the council voted to dispense with the lights, acting on recommendation of Street Supt. Swanson that the light at the intersection of Michillinda Blvd. would probably be sufficient anyhow. Boys have used the lamps to be discontinued as targets.

Pleased with tests of the new No. 3 water well the council voted to accept it from the digging contractor and to pay for it at the contract price, \$8,485.76.

Flu Victims Back In Circulation

Councilman John "Pop" Freulich is back in circulation and on the job again following a bout with a flu bug which bit him two weeks ago. Two more active Civilian Defense workers, Dr. A. O. Pritchard and C. W. Jones, have also recovered from the ailment enough to resume their tasks.

New Board To Check Violations Of OPA Price Ceilings

Mrs. A. H. Embree, a member of the local sugar panel of the district Price and Ration Board, has accepted an appointment on the new price ceiling panel, along with Thomas M. Hooper of Arcadia and Robert Rayborn of Monrovia.

Purpose of this panel is to notify dealers of changes in ceiling prices and to receive complaints made by customers against dealers who are violating regulations, either through the quality of their merchandise or refusal to meet ceiling prices. All complaints turned in to the local board will be referred to the Los Angeles headquarters for investigation.

Ralph Connors, secretary of the Board, announced that a trade relation committee will soon be appointed in each town. These committees will act directly under the price ceiling panels making it easier for local citizens to receive prompt service.

Ration Board Working On Schedule

Hostesses Announced For Tea At Church Of Ascension Parish House To-day

Regular office hours for the various panels of the War Price and Rationing Board of this district are now in effect, according to Ralph E. Connors, secretary.

The board headquarters in Myrtle Ave., Monrovia, will be open daily except Saturday from 8:30 a.m. until 5:30 p.m.; Saturdays from 8:30 until 12 noon. The board will also sit from 7:30 until 9 o'clock Wednesday and Friday evenings.

The mileage board, including supplementary gas and tires, will function between the hours of 1 and 4 every afternoon except Saturday, Saturday mornings and Wednesday and Friday evenings. During these hours people may appear for a review of their claims for additional gasoline and if dissatisfied with the results they may appeal their case to the board at the time of their review. All appeals must be made in person and not by phone calls or letters.

The non-highway gasoline panel will be in operation from 9 a.m. until 4 p.m. every day, from 9 till 12 noon on Saturdays and Wednesday and Friday evenings.

Mr. Connors also stated that all personnel and patients of institutions and health homes must register for War Ration Book No. 2 including those who were not required to Register for Book No. 1. People who do not already have Book No. 1 must get one from the Board before January 15 or they cannot receive the No. 2 book. Ration books that are lost must be reported to the police with an idea of the locality in which they were lost. The owner may then go to the local board, sign a sworn statement to the effect that the book is no longer in their possession, and receive a replacement.

City Becomes A West Coast Watch Center

Notified by all leading American watch manufacturers that priorities will prevent the manufacture of any more watches for the duration, Sierra Madre has come to be known as a leading West Coast "watch center," due to the foresight of Byron Hopper, Kersting court jeweler.

Shortly after the attack on Pearl Harbor, Hopper contracted for delivery of the leading makes on a scale that amazed the manufacturers, his orders exceeding in size those of larger jewelry houses in metropolitan areas. This fact became known to dealers in Los Angeles and other large cities and as it became difficult for them to fill up their lines, offers started to come to Hopper for all or a part of his stock. Last offer of the kind came from Durward Howes, large Los Angeles dealer and OPA official, who made a bid for the more than 300 as yet unsold better grade time pieces carried by Hopper.

LOCAL BOYS REGISTERED FOR DRAFT IN DECEMBER WILL BE INCLUDED IN MARCH QUOTA

Ten Sierra Madre draftees who received notices last week will report at 6:30 a.m., Saturday at the Monrovia station and from there will go to Los Angeles for induction into the Army.

Notified for the February 10 call will go into the mail January 30, according to officers of the Sierra Madre-Monrovia-Arcadia draft board, who also stated that youths who registered in December will not be called until March, unless there is necessity for a supplementary call.

A new plan to aid war manu-

Program For Air Raid Test Drill Ok'd

An air raid drill of Sierra Madre's Civilian Defense Corps units next Monday evening will follow officers of the test drill to be supervised by Army officers and officials of the State and National Civilian Defense Councils on Friday, January 28.

Detailed instructions for the test drill have been received from Washington by Mayor Tom Schwartz and passed along to the various units so that they may be followed in a general way in Monday's drill. The "incidents" and their locations, however, will not be identical and the personnel will not be informed concerning them until the test is actually under way.

A chart accompanying instructions for the test makes it clear that the number of persons responding to the air raid alarm and the time of their arrival at the scene of incidents are considered of the utmost importance. Emphasis is placed on the fact that full personnel of each defense unit is expected to participate in the test.

Army observers stationed at location of the various incidents will record the number of persons of each unit answering the alarm, time of their arrival and other important details. Most criticism in cities where test drills have already been held centered about delays in communications and the time required in reaching scenes of the incidents.

The public will not, of course, be informed about location of the incidents as the presence of large numbers of people would hamper the work. For this reason local officials have been requested not to locate incidents on principal thoroughfares.

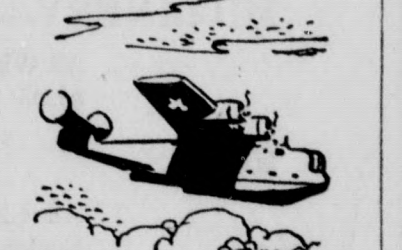

There will be at least 12 incidents that will include nearly everything that could happen in a bombing raid. Among the imaginary incidents will be the blowing up of water mains, the dropping of strings of incendiary bombs, time bombs, oil bombs, burning of houses, disruption of public utility services and the injury of many persons.

Peace To Be Topic Of Church Women

"Just and Durable Peace" will be the discussion topic at the monthly luncheon meeting of the Congregational Church Women's Society on Tuesday, January 19, presided over by Mrs. C. L. Twycross, president. Participating in the discussion will be Mrs. Ford Blakeman, chairman, Mrs. Homer Glidden, Mrs. George Morgridge, Mrs. William Bovard, Mrs. Nestor Young and Mrs. J. A. Gossard. Lunch will be served by the Dorcas Circle. Reservations may be made with Mrs. Ralph Lord, phone 5596.

What You Buy With WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its quota.

Floral arrangements of scarlet poinsettias and fernery were used throughout the house, and a patriotic theme was employed for the refreshment table. Guests included Mrs. W. S. Pinkerton, Mrs. M. S. Davis and her houseguest, Mrs. Clara Jacobson of Seattle, Wash.; Mrs. W. M. Barker, Mrs. Clara H. Bolms, Mrs. George I. Poulter, Mrs. Roy Bearden, Mrs. A. J. Ware and Misses Edith Pingree, Rosalie Curtis and Mildred C. Bolms. Mrs. Nancy L. Beuhning, another invited guest, was unable to attend owing to a recent severe illness.

CELEBRATE GOLDEN WEDDING ANNIVERSARY

Friends and relatives from Los Angeles, Pasadena, San Pedro, Huntington Park and Sierra Madre, gathered New Year's Day at the home of Mr. and Mrs. C. H. Adams of 257 N. Wilson for an open house which marked the celebration of the couple's Golden Wedding anniversary. Mr. and Mrs. Adams, who were married in Tribune, Kan., where he was in the hardware business, have spent most of the 50 years of their married life in California, and have been residents here for 20 years.

BETTY PENN AND ROBERT GROSS TO BE WED SOON
As a means of announcing her engagement to Robert Gross, son of Mr. and Mrs. Carl P. Gross of 57 W. Grand ave., Miss Betty Penn, daughter of Mr. and Mrs. P. R. Penn of 119 Auburn ave., entertained 30 friends at tea from 2:30 to 4:30 Saturday afternoon. The tea table, decorated in a pink

and white color scheme and centered by a bouquet of sweet peas and roses, was presided over by Miss Hilda Solon.

No date has been set for the wedding, Miss Penn announced. Her fiancé is at the Naval Training Station in San Diego.

ENGAGEMENT OF MURIEL ZAHLER IS ANNOUNCED

Marriage vows will be exchanged on St. Valentine's Day by Miss Muriel Zahler and Milard W. Jacobs, it was announced this week by Miss Zahler's parents, Mr. and Mrs. Lee Jacobs, of 191 E. Laurel ave. Mr. Jacobs, son of Mr. and Mrs. David S. Jacobs of Hollywood, and Miss Zahler became engaged January 2. She is a graduate of P.J.C. He is a graduate of Cal-Tech and is now employed as a structural engineer by Lockheed Aircraft Co.

GIVES FAREWELL PARTY FOR FORMER ROSE QUEEN
Mr. and Mrs. S. C. Coumbe of 521 Alta Vista dr. entertained members of the family at a farewell dinner, Thursday night, at the Beverly Hills Hotel, for Mrs. Jay Coumbe (Cheryl Walker) of Pasadena, who left for New York. The former Miss Walker is under contract to star in "Stage Door Canteen," a motion picture being filmed in New York.

Social Notes

Mr. and Mrs. Daniel H. Lewis of 661 W. Orange Grove ave., had as dinner guests last Wednesday evening, Mr. and Mrs. A. M. Weddemeyer of Altadena, and Mr. and Mrs. Carl Hansen.

Mr. and Mrs. A. M. Farley of Arcadia will be Saturday evening dinner guests at the home of Mr. and Mrs. Kenneth M. Bush of 220 N. Sunnyside ave.

Mr. and Mrs. Carl H. Hobson of 47 Bonita ave. were guests at a dinner party, Sunday night, celebrating the first birthday of their granddaughter, Cheryl Ann Taylor. The party was given by her parents, Mr. and Mrs. Henry Taylor of Altadena.

Mr. and Mrs. S. C. Coumbe of 521 Alta Vista dr., entertained with a buffet supper Sunday evening at Padua Hills. Guests included Mr. and Mrs. Daniel Jordan of Pasadena.

INDIVIDUAL CHICKEN PIES ARE A BIG HELP DURING MEAT SHORTAGE

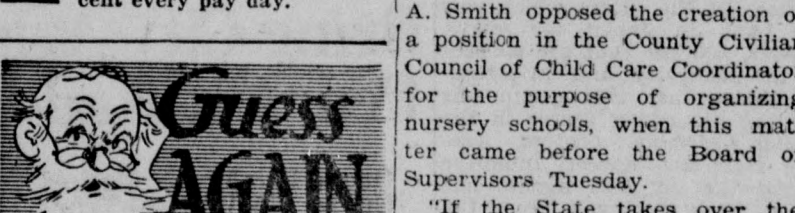

IS your soldier home on leave? Cozy home dinners with pretty dishes, lights on the table, delicious food and you looking pretty and gay are heartening memories for him to carry back to duty.

For just such a home meal, here's a suggestion for the main course — individual chicken pies. They're quick and easy to make. Thick with pieces of chicken and vegetables in rich chicken gravy, topped with featherlight biscuit crust, they're a savory delight as they are set smoking hot on the table.

2 tablespoons butter
2 tablespoons flour

It's common sense to be thrifty. If you save you are thrifty. War Bonds help you to save and help to save America. Buy your ten percent every pay day.

The only awards we can promise to those who do this Guess Again Quiz is a few additional tidbits to your store of knowledge.

1. Lily Pons renounced her French citizenship last year and swore allegiance to the U. S., but do you know who she is? (a) a trapeze artist, (b) an opera star.

2. Here is (a) Hideki Tojo, (b) Major General Teiichi Suzuki, (c) General Ho Ying-chin, (d) General Chiang Kai-shek.

3. In what sport would you look for a massé shot? (a) billiards, (b) polo, (c) hockey.

4. Names of animals often connect themselves to different organizations like the Boston Bruins, the Texas Longhorns, and the Detroit Lions. What animal is associated with Tammany Hall? (a) mule, (b) elephant, (c) bear, (d) tiger.

5. The spark that set off the Spanish-American war was the sinking of the battleship (a) Maine, (b) Delaware.

6. Which of the following spellings is correct for these islands: (a) Phillipine, (b) Philippine, (c) Philippine, (d) Philippine.

7. What nationality is often referred to as Magyars? The (a) Polish, (b) Turkish, (c) Bulgarians, (d) Hungarians.

Tally Score Here

1. A score of 10 for (b).....

2. Only 10 more on answer (d).....

3. (a) and 15 points.....

4. (d) is worth 20.....

5. Score 15 more on (b).....

6. Tally 15 points for (b).....

7. 15 more for answer (d).....

YOUR RATING: 90-100

your wisdom has won TOTAL—

all laurels; 80-90, you've a feather in your cap; 70-80, to you a garland of roses; 60-70, to you a booby prize.

Jeanne Waddell, daughter of Mr. and Mrs. Hugh C. Waddell of 425 Canan ave., left last week for Pomona College where she is enrolled in the freshman class.

PUBLIC NOTICE

NOTICE OF TRUSTEE'S SALE

WHEREAS, default has been made in the payment of the indebtedness secured by, and in the performance of the covenants contained in that certain trust deed dated October 27, 1939, made, executed and delivered by ALBERT G. EILERS and ANNA H. EILERS, his wife, as trustor, to CORPORATION OF AMERICA, a California corporation, as trustee for BANK OF AMERICA NATIONAL TRUST AND SAVINGS ASSOCIATION, a national banking association, beneficiary, which trust deed was recorded on January 19, 1940, in book 17234, page 59, Official Records of Los Angeles County, California; and

WHEREAS, on September 21, 1942, Bank of America National Trust and Savings Association, the owner and holder of said deed and the debt secured thereby, applied to and directed said trustee in writing to execute the trust by said trust deed created, and to make sale pursuant thereto; and

WHEREAS, notice of such breach of the obligations of the trustor and of the beneficiary's election to cause to be sold the property below described to satisfy said obligations has been recorded as is provided for by law, and more than three months have elapsed since such recordation and the trustee deems it best to sell the real property now remaining subject to the trust deed as a whole, in order to fulfill the purposes thereof.

NOW THEREFORE, NOTICE IS HEREBY GIVEN, that on the 9th day of February, 1943, at the hour of 11 o'clock in the forenoon, at the East entrance to the Hall of Justice situated in the City of Los Angeles, Los Angeles County, California, CORPORATION OF AMERICA as trustee, under and pursuant to the terms of said trust deed will sell at public auction to the highest bidder for cash (PAYABLE AT TIME OF SALE IN GOLD COIN OR LAWFUL MONEY OF THE UNITED STATES) all the interest conveyed by said trust deed in and to the following described real property situated in the City of Sierra Madre, County of Los Angeles, State of California, and more particularly described as follows, to-wit:

The Westerly 233 feet of Lot 1 of Pierce's Edgemont Tract in the City of Sierra Madre, County of Los Angeles, State of California, as per map recorded in Book 7, Page 116 of Maps in the office of the County Recorder of said County.

EXCEPT any portion within the lines of Central Avenue, 80 feet wide, as granted to the County of Los Angeles for road purposes by deed recorded in Book 2571 of Deeds, at page 237.

Dated at Los Angeles, California, December 28, 1942.

CORPORATION OF AMERICA, as Trustee

LOCAL SOLDIER IN ARTIC ZONE GRATEFUL FOR CHRISTMAS PACKAGE

Descriptive of the happiness brought to many of our soldiers on Christmas by the thoughtfulness of their friends, was a letter just received at the local Red Cross headquarters. It was written by a homesick boy stationed at an undisclosed point a long way from home and was mailed on Christmas Day after he had opened a Christmas box sent him from Sierra Madre.

"It is very unfortunate indeed," he wrote, "that censorship does not permit me to describe to you the actual surroundings of the post at which I am stationed, because, even to get a slight idea of my great appreciation for the charming gift box from the 'Village of Sierra Madre,' the strict isolation of this station should be known. If you can picture U. S. soldiers pursuing their various duties at a spot separated by miles and miles of impassable icy vastness from any place of civilization, and if you realize that news from

Women In Defense

By Patricia Corley

Needed: 200,000 California women to act as block leaders. The State Council of Defense wants that many patriotic women enlisted over the state to carry on an all-out war on hoarders.

In view of February rationing of canned, frozen, and dried fruits and vegetables, the state defense body is urging local councils of defense to intensify their plans for expanding block organizations. An educational drive against hoarders, who can deplete grocery stores of badly needed stocks before the new rationing program ever gets under way, should be made by block leaders, says the State Council.

The block plan, wherein block leaders contract personally each resident of a block or neighborhood, is the most effective, the real and democratic way of obtaining public support for different vital war measures.

If you are a former nurse, but are inactive at the present time, your services are badly needed by your Emergency Medical Service.

Miss Ruth McCullagh, nurse deputy in charge of recruitments for the State Council of Defense Emergency Medical Service, says the service is crippled in many sections of the state for lack of volunteer nurses. She asks that all inactive nurses volunteer for duty with their Emergency Medical Service by registering at their local defense council.

GORGEOUS OUTDOOR FLOWER SHOW ON NOW

January will mark one of the most gorgeous and unusual outdoor flower shows in the United States at the Huntington Botanical Gardens. Hundreds of South African aloes are now at their finest bloom in recent years. Inasmuch as the Huntington collection is the oldest and largest in the western hemisphere this colorful sight is not likely to be duplicated elsewhere.

Latest styles in wedding invitations and announcements—printed or engraved—are inexpensive at THE NEWS office.

"SAVE-A-BIT-OF-IT"

Resolved to add a "save-a-bit-of-it" item to your budget and regularly invest it in a savings account at this association — regular dividends will help it grow. Funds received by January 11th participate in dividends from the first.

Work of Rector's Son In Big Art Exhibit

Two pictures of Prof. Reginald H. Neal, head of the Millikan University art department, are being shown in the Artists for Victory exhibit which has just opened in the New York Metropolitan Museum of Art. Prof. Neal is the son of Rev. John S. Neal, rector of the Church of the Ascension, and Mrs. Neal.

Proof that critics serving as judges for the nation-wide exhibit considered the work of Prof. Neal excellent is the fact that only 300 pieces of art were chosen for the exhibit from the 7,000 submitted. Purchase prices totalling \$52,000 were announced by the New York Museum.

Week's Worst Joke—Price ceilings keep down overhead living costs so we can get a square meal out of a round steak.

Above statement after paying semi-annual dividends December 31, 1942

AUDITORS' CERTIFICATE

We have examined the balance sheet of the First Federal Savings and Loan Association of Pasadena as of December 31, 1942, and the statements of operations, undivided profits and reserves for the semi-annual period then ended, have reviewed the system of internal control and the accounting procedures of the association and have examined or tested accounting records of the association and other supporting evidence, by methods and to the extent we deemed appropriate. In our opinion, based upon our examination, the above balance sheet presents fairly the position of the First Federal Savings and Loan Association of Pasadena at December 31, 1942, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding fiscal period.

Necessity will teach a man, however slow he be, to be wise.
—Euripides.

A REAL HELP

War Ration Book No. 2, for which we'll sign up some time before the end of January, was one of the world's biggest printing jobs. To service a population of 134 million persons, 150 million books had to be printed!

When the point system holds sway, we shall be enormously aided if we read thoughtfully the advertisements offered in our newspapers before going to market. Advertising did a valuable job in keeping the public correctly informed in 1942, as in promoting patriotic purposes such as the scrap drive and the Victory Fund. Through its services we learn how to preserve household equipment that cannot be replaced for the duration.

And life grows no easier, what with transportation and food shortage problems. So, if we know in advance of going to shop, what we can get and what coupons we shall need, much time and patience will be saved for ourselves and the store clerks. Advertising is a fine service in listing food supplies for the benefit of a public bewildered by so many sudden changes. Reading food ads will save us from trying to buy something that's "gone to war," or from trying to spend coupon 25 when it's 27 we need!

It took a month just to print those ration books. And it would take three 40-car freight trains, loaded to the gunwales, to pack them all in. That's a lot of coupons, and we shall need all the help we can get in using them correctly.

WHAT THEY MEAN

"Money in the bank" never is dead money. Our Savings accounts kept healthily growing, along with our regular purchase of Bonds and Stamps, mean our debts paid on time—mean bombs to end bombs—mean democracy the victor—mean fighting dollars that help Hitler get gray!

Did you know there are 100,000,000 guilty Americans? So the Japanese would hold us, if they knew what we thought about them! Leighton Shields, former United States Attorney at Shanghai reveals that "illegal thinking" was the charge on which the Japanese punished J. B. Powell, editor of the China Review. According to them it is a crime to hold the thought that the Japanese have no heaven-inherited right to rule all other peoples! This places Americans generally in a ticklish position since we are fighting for men's right to think as they please!

After years of over-warm debate, Australia appears to be on the point of passing a universal service conscription law, when Parliament meets this month. With General Sir Archibald Wavell beginning what appears to be a move to retake Burma, all-out Australian help will be essential. Australia's defense setup is full of complexities. American soldiers have traveled as far as 6000 miles in defense of their country, but the Australian military aren't permitted to cross Torres Strait (a distance similar to that between Key West and Cuba) to defend Australia! The majority of people are bitterly against this policy. This group says that a comparatively small proportion of citizens have been trying to play horse with the war effort! Now things are coming to a head and Prime Minister John Curtin has signified his intention of bringing the conscription measure to a vote.

Rust dooms the Eiffel Tower, that landmark for Americans in Paris! Built of iron, for the Exposition of 1889, by A. G. Eiffel, a French engineer, it stood up over the city like a giant on stilts. Every American tourist in Paris in past years, climbed it as a duty to himself, to his country, and to France. It never was considered an addition to the remarkable beauty of this famous old city, but there is a feeling of sadness that lack of material and men—the necessities of war—should be the cause of its decay. Better to have taken it down while its dignity remained to it.

We never knew that 60 old toothpaste tubes would provide enough tin to solder all the electrical connections in a fighting plane! Nor did we know that 100 pounds of their reclaimed metal made the heavy bearings of a tank. We thought it was just an old toothpaste tube!

During 1941-42 the State of California spent \$13,706,068 to care for an average inmate population of 36,347 persons in its 19 State institute according to California Taxpayer's association.

A mile on a pound of coal! Curtailment of gasoline in England has produced a "gas producing" accessory for motor vehicles. The weird contraption resembling a couple of small

water boilers attached to the top of an automobile, manufactures gas from coal, coke and charcoal, and is being urged as a substitute for gasoline tanks. The "Gas Producer" costs \$600 and up.

British motorists are required to keep a detailed monthly log, recording the date of each trip, the starting point and the destination, the mileage shown by the speedometer and the purpose of the journey. These logs must be shown to policemen on demand as well as to the gasoline rationing authorities when new rations are sought at the close of each period.

Things to look for: Plastic honor rolls and memorial tablets which resemble bronze... A prune spread to take the place of butter to be marketed. "Nimative" (reverse of vitamin)... A new chemical, developed by du Pont, which, it is claimed, makes cloth non-inflammable when exposed to flying sparks.

What They Say --

SUPERIOR JUDGE CHARLES S. BRUNELL, L.A., hearing Mrs. Roberta Hamann testifying her husband beat her because she didn't cook his ham and eggs right—"That is justifiable provocation these days with eggs so hard to get."

CONGRESSMAN B. W. GEARHART, Fresno, commenting on failure of program to import Mexican farm labor during last harvest season—"Every government agency which had anything to do with the plan to import the Mexican workers betrayed the farmers!"

MILTON MAXWELL, head of S. F. Butcher's Union—"We can't go on like this. The butchers are in the dark and the people are in suspense."

CLIPPED QUIPS

"A geologist says there will be no mountains in Colorado in a few million years." We're placing this item near the bottom of our priority list of things to worry about.
—St. Louis Star-Times.

Never was life more interesting for Grandma, who can't decide whether to stay on at the shipyard or play right field next season for Brooklyn.
—Detroit News.

An article speaks of Alaskan settlements where fish-hooks are used for money. It makes for much jolly confusion when Eskimos reach for the luncheon check.
—New Haven Register.

This Is Important

In making application before Feb. 4 for license renewal, southern motorists are reminded they must designate the types of gasoline rationing books—A, B, C or T—in their possession in the lower right hand corner of the white certificate.

The... Watch Tower

By Percy Poore Sheehan

THERE'S the story that comes up from South Africa. Where the congregation of a church in Petrusburg voted to conserve the life of a cobra, which had taken up its abode in the ceiling of the church, under the slope of the roof above the organ. And the organist, evidently one of those sympathetic and comprehending souls like so many others of his kind, saw it as it appeared through a hole in the ceiling and soon felt a friendship for it because of its manifest love for music. This love was especially manifest when he played the softer, more flutellike stops. And, for fear of what might happen, the man said nothing for a time. But soon enough the congregation got hep. And at first there was consternation, then, gradually, the spread of a feeling like the organist's own. After all, the snake was modest and never obtrusive. So that now practically everyone regards it as a friend.

GIVING us to wonder, a little, if this isn't a sign of the times—one little note on the bell sounding *matins* for a religious dawn now coloring the East of our spiritual world. We think of the story of this music-loving cobra and the little congregation in Petrusburg as we watch the birds in our garden as they swarm about their feeding hutch. A bird congregation to have delighted the heart of *il Poverello*, Francis of Assisi. Human no end. Like children. With a spirit about them to suggest a richer meaning to the old words—"for of such is the kingdom of heaven." A breath of which kingdom seems to reach you as you watch them.

EVEN if they do squabble a little—their spats no more violent than bubbles and as quickly spent. When we spread a fresh supply of cracked grain and peanuts mixed with bread-crumbs—their usual bill-of-fare—on the feeding-platform and refill the water basin, all the surrounding shrubbery comes alive with movement and bird-voices. Or again when we set the sprinkler to going near this bird meeting-place, then also the birds pile in—from wrens and warblers to big motherly doves; lolling under the spray and soaking themselves; and here and there more passing squabbles—as when a linnet tries to jostle an English-sparrow out of some good spot. And the sparrow jostles back. Making you wish, almost, that you were a linnet or a sparrow, or that you had an equivalent acceptance of what some call Providence and some call Fate. In any case, the even acceptance of this thing called Life.

WHICH, by some slight extension of vision and imagination may be seen to be a sort of Grand Faith—not only of cobras and birds—but of trees and mountains and stars. And, for that matter, of all creation of all that is, outside the familiar zones of what is known as civilized man. Familiar zones that civilized men are now leaving—leaving by millions and forever; their little rounds of business and amusements, little hates and little loves—all engulfed in some movement, as yet too big, perhaps, for any human mind to grasp or shape—big as the drift of the Milky Way and that much the current of infinite Will and Vision: This War.

WE IMAGINE that such will be the thought and the vision that comes to the millions of our young men now in their long voyages away from their own familiar orbits. Out across strange seas—long days and nights and nothing to show them where or how soon, each with his own thoughts, feeling as perhaps never before—in this infinite expanse of ocean and sky—a nearness to a primal and everlasting and immediate Infinity. And surrendering to it—as all men must, once they stand before it face to face. As all the created things of earth and sky appear to do except, hitherto, ourselves—who've dared take dominion over all God's minor children.

THIS also we may see as part of the future now in the birth-pangs we know as War. An emergence of our race out of littleness. Walt Whitman, prophet that he was, had his vision of it three-quarters of a century ago: "The Present holds thee not—for such vast growth as thine..." So also Prophet Browning: "Man lives in eternity!" A growing consciousness.

born of this God-willed War, that "There is but one God, the Father, of whom are all things and we in Him." Cheer up! How could there have been an Archangel Michael had there been no Dragon? What would we have known of the Light had there been no dark?

MELGES NAME BABY

Debra Joy is the name chosen for the baby daughter of Mr. and Mrs. Howard Melges of Hollywood. The baby was born December 26 at the Hollywood Hospital. Mrs. Melges is the former Caroline Morrow, daughter of Mr. and Mrs. W. H. Morrow of 509 Sierra Madre Blvd.

NOTIFIED COUSIN IS MISSING IN ACTION

Mrs. Fannie R. Sea of 198 W. Montecito ave. received official notice this week that her cousin, Lt. Lauren Meader of Long Beach, a U. S. Army bombardier, is reported missing in action.

at work..

(COUNT THEM)

Milking five cows at the same time is a five man job...when men do it. But on many Southern California dairy farms, electricity milks the cows and does many other time

and energy-consuming chores, freeing workers for other war tasks.

This is typical of the way electricity serves the war effort in Southern California. Here the production of nine out of ten farms and of nearly every war plant depends on electric power. This power, enough for every need, is supplied by community enterprise. The Edison Company, serving Southern California with low cost electricity, is largely owned and operated by Southern Californians.

What has the gas you use at home
got to do with GUADALCANAL?

It's speeding production all through
Southern California's war plants —
to keep the convoys MOVING!

ASK the boys out there fighting in
the jungles what that means to them!

They'll be glad to know that the natural gas you count on to heat up your home is in pitching for them, too!

They'll welcome the news that it's helping to rush along more and more of the planes, ships and guns they need! Thousands of war plants, now using new shortcuts and newly developed heat-treating processes, are really going places—thanks to natural gas.

Yes, gas has a vital role in helping to get this war job done—and naturally, in an emergency, War Industry's demand for natural gas must have first call.

WHY THERE MAY BE A WARTIME FUEL-GAS EMERGENCY

This winter the reserve supply of natural gas for Southern California, and our facilities for delivering it are the greatest known in history. So you may wonder why, if the supply is abundant, even a temporary fuel-gas emergency could ever occur. Here are the reasons:

1. Gas is doing a double-duty WARTIME job—with a network of pipelines designed for PEACETIME!
2. War Industry's demand for natural gas to speed the production of scores of war essentials has first call.
3. Wartime residential requirements have been greatly stepped up—along with the needs of new military establishments.
4. And most important—steel cannot be obtained to expand the present peacetime network of pipelines—because it is more vitally needed on other fronts.

Under these wartime conditions, certain situations could occur this winter—such as extremes of weather—when the peacetime system of pipelines might not be equal to the task. Your cooperation in such a temporary emergency will be a war service of vital importance.

BIRTHDAY GREETINGS

THE NEWS extends birthday greetings and its best wishes this week to the following Sierra Madreans, whose birthdays are indicated...

Russell Jensen	Jan. 15
Shirley Shapiro	Jan. 15
John Pearson	Jan. 15
Mrs. W. L. Hibbs	Jan. 15
F. L. C. Roess	Jan. 15
Mrs. Lawrence Twedell	Jan. 15
Alice Burnham	Jan. 16
Mrs. H. M. Selk	Jan. 16
Preston Evans	Jan. 16
Rev. John S. Neal	Jan. 16
J. R. Evans	Jan. 17
Mrs. Graeme Smith	Jan. 17
Mrs. J. O. Smith	Jan. 17
Tony Delvecci	Jan. 17
Odelia Trejo	Jan. 17
Mrs. Cosma Grippi	Jan. 17
W. E. Mallot	Jan. 18
Frederick Bruce	Jan. 18
Robert Babbitt, Jr.	Jan. 18
Wesley Perry	Jan. 18
Lloyd B. Murphy	Jan. 19
Sadie Kiggins	Jan. 19
Mrs. Elsa Seifert	Jan. 19
Mrs. Winifred Cate	Jan. 19
Ted Davis	Jan. 20
Adolph Eitner	Jan. 20
Johnnie Grippi	Jan. 20
Mrs. H. C. Lieben	Jan. 20
Rosemary Forrester	Jan. 21
Willard (Bob) Robins	Jan. 21
Ada Thomas	Jan. 21
Mrs. Myra Roberts	Jan. 21

HARD HIT

Coffee drinkers of southern Louisiana and Mississippi drink two or three times as much coffee as the average in the U. S., many of them from 10 to 15 cup a day. New Orleans is said to consume more coffee per capita than any other metropolitan area in the U. S. Cooks there use two tablespoons to the cup and many children begin drinking coffee when they are 10 years old or younger.

Q. Can vitamins improve my disposition?

A. Yes. While there's no known cure for natural "ornerness," it has been shown that a common symptom of vitamin lack is irritability and bad temper.

Q. What are the chances that I'm getting a good diet?

A. Only one in four. Government surveys have established the fact that three out of every four families fail to get an adequate diet.

Q. Are vitamins good for colds?

A. For overnight cure, no! For long range insurance, yes! The body that is well and regularly supplied with all the important vitamins is most apt to build the most effective, natural defenses against the sniffles.

Q. What are "minimum daily requirements"?

A. For each of the six critical vitamins and for the essential minerals as well, the Food and Drug Administration has specified the minimum quantities that will keep the average person in good health.

Clark Bogardus Due At Desk Soon

According to the staff of Bogardus Advertising Agency, 30 North Raymond ave., Pasadena, many inquiries are being made as to whether this Pasadena agency will continue in operation during Clarke Bogardus' absence, which is occasioned by his physician's orders.

Mr. Bogardus answered the inquiry yesterday by saying "The only change in operation of our organization will be that during my absence it will be in charge of Dorothy E. Williams, office manager. Miss Williams will contact me daily, when she will receive her instructions on procedure for campaigns and office policies. She has been with us for over five years, during which she has worked in all departments." Mr. Bogardus hopes to be at his desk again sometime in the late spring, and is anxious at this time to express his appreciation to the agency's clients who in every instance are offering such generous cooperation.

CUB SCOUTS AT WORK ON VICTORY THEME

The monthly meeting of Cub Pack No. 1 is scheduled for 7:30 p.m., Friday, January 15, at the park house. Dens are working on a Victory theme for the month of January. Boys wishing to join this group, and their parents, are invited to attend the meeting.

FIRE FLAMES

Members of the fire department are among those who are becoming farmers. Bill Estes has plowed up a large lot with the expectation of planting vital foods. Away up in the northwestern part of the city, Harold Spears has been building chicken coops to house several thousand chickens. If Mrs. Spears can stand the "gaff," he is bound to make a success. To watch them, it would be hard to decide which of the two does the most work. It may be that Fred Lewis and Spears have a deal on to trade a rabbit for a chicken. Fred has started on what he expects will develop into a white fur industry. And if hay goes much higher in price, here may be a few of the firemen who will be eating horse meat soon. Others are putting in Victory gardens where space permits.
